

# keep your employees safe

## with REGIONAL SAFETY GROUPS

**REGIONAL SAFETY GROUPS** are just one of the many programs the League of Minnesota Cities Insurance Trust offers to member cities.

### Other LMCIT safety programs:

- OSHA/Safety Assistance
- Safety Audits
- Ergonomic Reviews
- Safety Loan Program

*More information about LMCIT Safety Assistance Programs is available in the Risk Management section of the League of Minnesota Cities web site:*

**[www.lmc.org](http://www.lmc.org)**

**REGIONAL SAFETY GROUPS** are an easy, cost-effective way for LMCIT Workers' Compensation members to comply with state and federal OSHA mandates.

This solution to safety mandates provides a flexible way to get training that keeps city staff safe, and helps reduce costly injuries that prevent employees from returning to work.

### Why participate?

*REGIONAL SAFETY GROUPS help your city:*

- **Establish** a safety committee, hold safety meetings, and develop safety coordinators.
- **Develop** an ongoing meeting and training schedule at the times, dates, and locations that work best for cities in the group.
- **Identify** as many as 12 safety training topics per year. Fifty percent of training costs are covered by LMCIT, and each group decides how to split the remaining costs among themselves.
- **Take advantage of** free web-based training endorsed by the National Safety Council and provided through FirstNet Learning.

**REGIONAL SAFETY GROUPS are now forming in your area!**
